LITTELL'S LIVING AGE,

E. LITTELL & Co., cor. of Tremont and Bromfield streets, Boston.

This work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay, but whilst thus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and stately Essays of the Edinburgh, Quarterly, and other Reviews; and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the constellations to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Atheneum, the busy and industrious Literary Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these are interwoven with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. He does not consider it beneath his dignity to borrow wit and wisdom from Punch; and, when he thinks it good enough, makes use of the thunder of the Times.

The steamship has brought Europe, Asia, and Africa, into our neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and change of foreign countries. And this not only because, of their nearer connection with ourselves, but because the nations seem to be hastening, through a rapid process of change, to some new state of things, which the merely political prophet cannot compute or foresee.

Geographical Discoveries, the progress of Colonization, (which is extending over the whole world,) and Voyages and Travels, afford favorite matter for his selections; and, in general, the editor systematically and very fully acquaints his readers with the great department of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who to keep themselves informed of the rapid progress of the movement—to Statesmen, Divines, Lawyers, and Physicians—to men of business and men of leisure,—it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saturday, by E. LITTELL & Co., Boston, who supply orders by mail from all parts of the country. Remit any sum to them, and they will send the work to that amount. Each number makes a handsome pamphlet of 64 pages double col octavo. Price, 12 1-2 cts.,—or by the year, six dollars. We add to our own recommendation, what our readers will value infinitely more, a letter from the late Ex-President J. Q. Adams:—

"WASHINGTON, 27th December, 1845.

Of all the Periodical Journals devoted to Literature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition daily of the current literature of the English language, but this by its immense extent and comprehension includes a portraiture of the human mind in the utmost expansion of the present age.
J. Q. ADAMS."

PROFESSOR A. C. BARRY'S

TRICOPHEROUS OR MEDICATED COMPOUND,

INFALLIBLE for renewing, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c., &c. With this preparation, "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, submit with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair, skin & skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its nutriment from this triple envelope, is very close.—All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely through the small vessels which feed the roots with moisture and impart life to the fibres the result is scurf, dandruff, shedding of the hair, grayness, dryness, and harshness of the ligament and entire baldness as the case may be. Stimulate the skin to healthful action with the Tricopherous, and the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the substrata of muscles and integuments, the process and the effect are the same.—It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

Sold in large bottles—*price 25 cents*—at the Principal Office, 137 Broadway, New York. For sale by the principal Merchants and Druggists throughout the United States and Canadas, and by R. J. TAYLOR, Newport, and J. Babcock & Son, Providence, R. I. apr30 6m

From the Boston Chronotype.

Consumption is the great curse of our northern latitude. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy. It wastes the form, dims the intellect, and plunges its victim into an early grave. The young and old, the serious and the gay, the city belle and the country lass, are alike its prey and its victims. Blessings on the man, then, whose genius and research furnished us weapons to bid defiance to this "Dweller of the Threshold!" He merits the applause and gratitude of ages—he shall have ours, at least.

WRIGHT'S INDIAN VEGETABLE PILLS SUGAR FROSTED!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the pills, or pure White Sugar, whereby everything disagreeable to the taste or smell is entirely removed, without in the smallest degree affecting, in other respects, the excellent qualities of the medicine.—The want of an innocent and convenient medium of disguising the Pills, so generally felt, is thus supplied, and it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian Vegetable Pills is well understood. Innocent and efficacious, free from minerals of every description, and adapted to the circumstances and condition of life; they are esteemed beyond all other remedies, as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell. These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTION.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain, or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each box.

WEBSTER'S QUARTO
DICTIONARY.

"Webster's American Dictionary may now be recommended, without reserve or qualification, as the best extant."—*President Olin, of the Wesleyan University, December, 1847.*

"I have always considered Dr. Webster's work in lexicography as surpassed in fullness and accuracy by none in our language."—*President Wayland, of Brown University, Providence, R. I.*

"I have been in the habit of using Dr. Webster's Dictionary for several years past; in preference to all others, because it far excels them all, so far as I know, in giving and defining scientific terms."—*Prof. Hitchcock, of Amherst College.*

"My judgement and feelings are most heartily and permanently engaged in doing all that I can to make Webster the standard wherever the English is spoken, as it deserves to be, more than it is, and will be."—*Professor Stowe, of Cincinnati.*

Lord Brougham, in a recent conversation with an intelligent American traveler, remarked of this work,—"It has come to be a necessity to every educated man."

"Dr Webster's great work is the best Dictionary of the English language."—*Lon. Mark. Chron.*

The Lond. *Literary Gaz.* of April 1st, speak of it in the following just terms:—"A noble monument of erudition and indefatigable research."

"We rejoice that it is fair to become the standard Dictionary to be used by the numerous millions of people who are to inhabit the United States."—*Signed by 164 Members of Congress.*

NEWPORT.

BY CRANSTON & NORMAN,

127 THAMES STREET.

FRIDAY MORNING, AUG. 9, 1850.

A SERMON.

Preached in the Jews' Synagogue, at Newport, R. I., on Saturday, Aug. 3, 1850.

BY REV. DR. MORRIS J. RAPHALL.

How amiable are thy tabernacles, O Lord of Hosts! My soul longeth yea even fainteth for the courts of the Lord. My heart and my flesh crieth out to the Living God!

Such were the words with which the Sons of Korah opened their 84th Psalm.—Such are the words, my Brethren, with which I think it right on this day, and in this Synagogue, which has not beheld the worship of the God of Jacob for sixty years in these walls I think it proper and right to begin my address to you. How lovely are thy tabernacles, Lord God of Hosts!—My heart did long—did yearn for the opportunity in this long closed temple, that we Israelites, the witnesses of the living God, might be permitted to do our homage to him. I yearned after it. It has been granted to me. My mind and my body triumph in the living God. Yes! these doors that have been closed for sixty years, they have been permitted to be re-opened. These walls within which no sound of worship—no sound of thanksgiving for sixty years—long years, has been heard, these walls have once more resounded to the glad chorus, "How lovely are thy tabernacles, O Lord of Hosts!"

Thank ye the Lord! for he is good, his mercy endureth for ever. These walls erected by the God of Abraham, but within which during sixty long years, the sound of Abraham's language never has been heard, these walls have heard the words of the sons of Abraham. We have prayed crying out that most glorious of all truths "Hear oh Israel! the Lord our God! The Lord is one!"

Sixty years! a man's life time, these doors have been closed. Sixty years, a man's life time, has that shrine been empty. And in those sixty years, what changes, what wonderful mutations has the world seen! Empires have risen and have vanished. Thrones have been hurled to the ground, and raised up again. Republics have been proclaimed, and sunk back to despotism. One of the most enlightened of the nations of the old world has been permitted to declare that Atheism is Religion. The same nation in its presumption, deemed it proper, they did propose that the French people recognise a supreme Being. Fools that they were! It was not for legislation to proclaim it. It was not for them to recognise the great and supreme Ruler of the Universe, the creator and preserver of the world, which His power called into being, which His wisdom governs and His goodness sustains.

There is not throughout the wide world any civilized society whose laws and institutions have not during the last sixty years seen changes, mighty and most important. There is scarcely any theory of science any invention of the human mind, which has not within the last sixty years made mighty strides. It has advanced and yet after the lapse of sixty years we Israelites gaze this in our temple, unaltered, unchanged, the same in feeling as in worship. The voice of prayer is taken up by us, where it was left silent by those who were before us. Sixty years have not weakened our fervour in the sacred cause—the cause of Israel. Sixty long years have not made us indifferent to the welfare of a temple dedicated to the God of Israel; when it was known that this temple was to be re-opened—from the North and South the East and West Israel sent its representatives and when we were disappointed of our reader—when no trained and ordained reader stood forth to chant the service, each one according to his qualifications, was willing and ready to do service, according to his ability to the God of his fathers.

My mind triumphs—my body delights in the blessing of the Lord our God on our humble endeavors to open this His truth.

It fell to my lot to read to you the section of God's holy law which forms the portion of this day,—a section of the fifth book of Moses, beginning with the 12th Chapter and ending with the 18th. There is in that portion of God's law one sentence so important, that I have chosen it for my text, this day, in order to recommend it to your attention. It speaks Israelites of your relation to your God. It is formed by the opening words of the 14th chapter of Deuteronomy,

"Ye are the children of the Lord your God."

It is a remarkable expression. When God first vouchsafes to declare himself the protector and deliverer of Israel,—when He first sent forth Moses on his important embassy to Pharaoh. Moses is directed to say to Pharaoh, "Thus saith the Lord, my first-born son is Israel." And when in the last period of the existence of their holy temple, the prophet of the Lord was directed to reproach them for their backsliding, to hold before them a striking picture of their sinfulness, and its impending punishment, the strongest terms in which he can reproach them for their faithlessness are couched in these words, "children have I reared and trained, and they have become faitless to me." (Isa. I. 2.) Thus at the very first opening of their connection they are proclaimed "children of the Lord." At the very time when their law is given—in the height of its holiness and fulness of its authority, they are told "ye are children of the Lord your God." And at the very moment when his chastening hand is extended—when his threatening voice is heard—when the measure of their iniquity is full, they are still called "children of the Lord their God."

What is there in this particular expression "children" so important—so sacred, that at every part of their connection with God,—the same words should be reiterated,—what is the purpose of the relation instituted between God and Israel, when He adopted them to become his children.—What are the duties on us Israelites—we who this day have received the high grace from above to open this temple—what is *our* duty? What duty is prescribed to us, is inculcated on our hearts and minds by the expression "children of the Lord your God." These are the questions which I intend to examine, by the blessing of God. And may He who graciously hearest every supplication addressed to Him, with humility and seriousness, may He enlighten *my* mind and yours, that you may know and understand and feel the importance of the relation that exists between your God and you. Your God your Father—Israelites His children.

1. What is the nature of the relation indicated by "the children of the Lord your God?" God is a spirit. We are matter—matter most abased. What connection is there between spirit and matter. We cannot suppose that in the flesh we are the children of our God. We cannot suppose that by any possible process of procreation each individual Israelite is the child of His God. What then is the relation between spirit and matter. The relation is formed by mind trained in religion—by religion founded on the revealed word of God;—revelation forming the sacred ladder which standeth on earth and it reacheth up into the heavens,—revelation the band of union that combines God and man. And of this revelation, we Israelites are the guardians. To the truth of this revelation, we Israelites are the God-appointed witnesses. We proclaim among the nations of the earth the great truth, that there is a God—that God makes His will known to man—that God rewards those who obey this will and punishes those who violate it. These are the three great truths of revelation—these are the three great truths to which we have been called to bear witness. And it is this call, given to us, first among the nations of the earth, that constitutes us the first-born sons of God.

It is this call intrusted to our fathers, who among millions were elected to be the witnesses of God—it is this call which constitutes Israelites the children of the living God. It is this call—the office conferred on us—the office to be children of our God and his witnesses, it is this which has preserved us among all vicissitudes of our fate and fortunes, amidst persecutions the most dire, against the combined enmity of the world, against prejudices the most strong, fanaticism the most unrelenting—against all the bad and violent passions of the heart. This call of our God—this relation to his children, to his witnesses has preserved and has corrected us. "In vain did the heathens rage, in vain did their mighty men take counsel together." In vain during centuries was the name of Jew a hissing and a by-word, among the nations. The great hand of our God still protected us, because we are his children. The Almighty power of our God still shielded us because we are his witnesses. The grace of our God preserves us to this day because He has vouchsafed to declare "I the Lord change not, therefore ye children of Jacob are not destroyed." The purpose of which we were declared "children of the Lord our God" is to constitute us witnesses. The relation in which we stand to Him is altogether spiritual. That relation is lasting, unalterable, like the relation between a child and parent. The child may be sinful, the child may be rebellious, the child may be an outcast from his fathers home. The child may be driven forth to suffering, sorrow and evil of all kinds. Yet rebellious though he be, outcast though he be, he is still his father's child. Nothing has the power to sever the relation between father and child, and accordingly in the lowest state of disgrace, when the reproachful voice of their God thundered on their ears, they are still called his children, corrupt but still his children. It is a relation established by Him and which nothing on earth can subvert. It is as much in force this day as it was 3000 years ago. It is as much in force this day as it will be when comes the glorious day, when Israel collected from the North, South, East and West, rached around their God shall once more stand forth a holy people, a priestly kingdom, teachers to the nations of earth proclaiming aloud the period of peace and good will, which we call the coming of Messiah, which is the regeneration of mankind. Yes! we are the children of the Lord our God, in adversity or in prosperity, in good repute or in evil repute, in these far Western lands like as on the holy hills of Jerusalem unchanged, unaltered, immutable, indestructible like Him, whose children we are.

(Concluded to-morrow.)

CONGRESS.

WASHINGTON, Wednesday, Aug. 7

The nominations for the vacant offices in the Cabinet will probably be made to-day.

Mr. Kennedy is still spoken of for the Secretary-ship of the Interior.

It is not unlikely that some one from the South west will be nominated for Secretary of War.

The message of the President will probably hasten action on the part of the Senate, with reference to the boundary question and collateral issues.

The extreme Southern men are not a little exasperated at its tone. They say, and say truly, that its doctrines strike at the very root of all plans of resistance on the part of the South, and of all projects of nullification.

The moderate men from the South are, however, highly delighted with it, and admit that it gives confidence to all who desire the perpetuity of the Union.

It also reveals and establishes the Administration policy. The Whigs will now stand up to the bill for the admission of California.

Next they will consent to the payment of ten millions of dollars for the settlement o the Texas boundary question, as proposed in Mr. Pearce's bill.

GENERAL ASSEMBLY.

THURSDAY, Aug. 8.

The House met at 9 o'clock. Mr. Watson G. Haynes was allowed the use of the Representative Hall, any evening this week to address the people on the subject of flogging in the Navy.

Petition of Henry Jefferson for liberation was granted.

Petitions for liberation of Henry and Edward Freeman, were also granted.

Petition of Dennis Driscoll for liberation of his wife, convicted of robbery, after debate, was not granted

Resolution of Mr. Updike, instructing the Judiciary Committee to inquire into the expediency of allowing the city of Providence to establish and have sole control of a police court, paying all the expenses of the same was adopted.

Jeremiah Sullivan, petitioner, for liberation, had leave to withdraw.

Petition of John Haskins for liberation, was not granted.

The trial of the docket of private petitions were referred to appropriate committees.

An act in amendment to the act for the relief, employment and removal of the poor, was offered by Mr. Cranston, and referred to the judiciary committee.

The report of the committee on the project of a new State House recommending the building of a House, to be used by the city of Providence and the State, and to be located in the Cove at Providence, at a cost of $176,975, was taken up.

After considerable debate, the report was laid on the table, on motion of Mr. E. D. Hazard, who offered the following resolution:

Resolved, That it is expedient to erect a new Court House for the county of Providence.

The debate was continued for some time after which the vote was taken and the resolution was adopted, ayes 31, noes 22.

Resolution appointed a committee to inquire whether the Mount Vernon Bank had forfeited its charter was adopted.

Wm. S. Humphreys had leave to adopt a child.

A large mass of business was handed over to the appropriate committees, after which the House Adjourned to meet on Friday at 9 o'clock A. M.

Mr. Watson G. Haynes will address the members of the Legislature, at the State House, this evening, at 8 o'clock, on the importance of abolishing Flogging and the use of Ardent Spirits in the Navy. The meeting will also be addressed by Attorney General Blake and several other gentleman. The public are invited to attend.

☞ Do not fail to attend the Grand Concert by the Germania Musical Society, this evening, at the Atlantic House. Their reputation is so well established now, that it does not require a word to be said in their favor.

☞ Go to the Ocean House Hall, and see Whipple's dissolving Views; they are exquisite.

STRAKOSCH'S NEW OPERA.—The New York Tribune says that Strakosch has already finished the first act and part of the second of his new opera, "Giovanni di Napoli" and that the music exhibits a fresh and genuine lyric power, of which the lighter and more popular compositions of the great pianist give no earnest. It is more Italian than German in the character of its melodies. Maretzek was so well satisfied with the first act, on its completion, that he immediately purchased from the author the exclusive copyright of the Opera for this country and Europe. He is making preparations to have it brought out next winter at the Astor-place, in splendid style.

A NEW CALIFORNIA IN VENEZUELA. The report is confirmed that gold mines of great value have been discovered in the province of Guyana, not far from the river Amazon. The principal diggings are near the city of Tupuquen. A single person has gathered 128 ounces of the precious mineral.

"Zeb," said a chap to his chum the other day "seems to me you didn't stay long at Squire Folger's last night?" "No," was the reply. "I was sayin' a few pleasant things to the daughter, and the old man came in and gave me a hint to go." "A hint, Zeb, what sort of a hint?" "Why he gave me my hat, opened the door, and just as he began to raise his cowhide boot, I had a thought I wasn't wanted, and so I—took my leave."

THE NEW PLANET PARTHENOPE.—National Intelligencer publishes a communication from Lieutenant Maury, to the Secretary of the Navy, dated "National Observatory, Washington, July 15," in which he says:

The new planet Parthenope, discovered by M. Gasparis, of Naples, was observed hear by Mr. Ferguson, on the nights of the 11th, 13th, and 14th instant, with the filar-micrometer of the large equatorial.

This is the 11th in the family of the Asteroids, and the 7th that has been discovered within the last four years. It resembles a star of the 10th magnitude.

A VOTER FOR GEN. WASHINGTON.—John Vanhooser lives in the county of Jefferson, Tenn., and he voted for General Washington for the Presidency. He is in the 122d year of his age. Until recently, the Knoxville, (Tenn.), Register tells us he was in the habit of walking to and from that town on calls of business, a distance of five or six miles, without experiencing fatigue. He is a German by birth; but emigrated to this country about one hundred years since. He was in several of the most important battles of our Revolution.—He voted for Gen. Washington, for President of the U. S., and boasts that he has never failed at any election for President, from that time till the present, to vote the Whig ticket. We understand that recently one of his daughters, a lass of eighty years of age, paid him a visit, and found the old gentleman in his usual health.—We doubt if another such case of longevity can be found in the United States.

NUMBERING THE PEOPLE.—A man in Baltimore refused to give the necessary information to a census taker, with these remarks:

"Sir, you have come to do this evil thing, but I will not permit it; we read of the mosaic dispensation where David numbered the people, and the Lord cut him off. I will have nothing to do with such an unrighteous act."

TAKING THE VEIL.—On Friday last, at St. Catherine's Convent of the Sisters of Mercy, the Right Rev. Bishop Hughes gave the black veil to Miss Francis Walsh daughter of Robert Walsby, Esq. the American Consul at Paris.

☞ Since Gov. Crittenden goes into Mr. Fillmore's Cabinet, the office of Governor of Kentucky will be filled by Hon. John L. Helm, Lieutenant Governor.

Prosperity is no just scale; adversity is the only true balance to weigh a friend.

A GREAT CHANGE TO MAKE MONEY

To lease for five years, from October next, my Confectionary Store, in South Touro Street, with a good run of custom as ever I had for the last 22 years, and always will have as long as the Creams are continued to be made like VOSE'S. Opposition after opposition has come from New York and other places, with flaming advertisements, but it was of no use—advertisements alone don't add to the richness [illegible] I will also sell all my fixtures, marble tables, carpets, soda works, moulds, pyramids, baking utensils and everything to carry on the business with all the "secrets of the order" or trade. Any one wishing to buy that don't understand the business can work with me through the Season and become initiated in the business, so as to carry it on. The business is a good business, and the reason that I give it up is because it has been so. For further information inquire of

WM S. VOSE, South Touro-St aug5.

MR. LAWRENCE takes great pleasure in stating to the inhabitants and visitors of Newport, that his new Daguerrian Gallery, opposite Atlantic House, is now ready for visitors, where may be seen many specimens of earliest gentlemen and Ladies, such as the Rev Dr Cox, Patten and Skinner, Father Mathew, the Hon. Henry Clay, John M Betts &c &c. Also he would state that the new sky-light which he has had constructed, is a facsimile of the one at New York, which has gained him so much celebrity for the bold, mellow, life-like tone of Pictures which it produces.

MRS. E. KIDDER'S CORDIAL.
The most perfect remedy for the cure of
Cholera, Cholera Morbus, Dysentery, Summer Complaints of Children, and Diarrhœa, either recent or protracted.
THE public have been familiar with this medicine for nearly twenty years; and through its intrinsic merits it has created for itself a wide spread market, both in this and distant countries. It has never been equalled by any other medicine, and there is no probability that it ever can be excelled. Its powers in effecting an immediate CURE in every case of
CHOLERA, DYSENTERY AND DIARRHŒA
in every country, and in every climate, has astonished the world. Physicians have looked on their dying patients with wonder and astonishment, at seeing them revive and become restored, when the last spark of life seemed to be flickering, and all hope of recovery had fled. Such cases have been every-day occurrences. It is not too much to say, that not a single case from either of these diseases need be lost, when this medicine is administered in any reasonable time, so sure is it to cure.
It seldom requires more than a few days to cure the worst cases; and all recent cases are cured in the course of a few hours.
At this season of the year every family should have it at hand in case of sudden attacks as the immediate use of the Cordial will entirely prevent any serious sickness.
MRS. E. KIDDER, Inventor and Proprietor.

LIGHT! LIGHT!!
The Handsomest, Cheapest, and Best Article for Light, is
MARSH'S PATENT OIL.
THIS is a new invention, recently introduced, and now very extensively used by the public.
Mr. Marsh is constantly receiving, (both at home and from abroad,) the very highest testimonials of the true merits and great superiority of his new Oil, over everything before used for light.—Among them we select the following:
MARSH'S PATENT OIL.—This is the name given to a newly invented Oil, for producing light, which has just been introduced to the public by Mr. Marsh. Having tried it ourselves, we can speak from experience, and do not hesitate to award it a high order of merit. It is entirely free from grease or smell while burning, and is not liable to the two common objection of almost all burning fluids, that of explosion. It gives a beautiful and steady light, is much handsomer than oil, and costs less. For a slight expense, common glass lamps may be fitted with new tubes, and the oil burnt in them.
We recommend a trial to those who would obtain a beautiful light.—[Boston Journal.]

DR. CHRISTIE'S GALVANIC BELT, BRACELET NECKLACE AND MAGNETIC FLUID.

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*

Dr. CHRISTIE'S GALVANIC BELT
and
MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CHAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while under the strengthening, life giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the **GALVANIC BELT**, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temporary relief, but which leave the patient in a lower state, and with injured faculties; after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply fix the Galvanic Belt upon the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe case of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS
Of the most Undoubted Character,

From all parts of the Country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

'Truth is stranger than Fiction:"

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

SIDNEY, New Jersey, July 12, 1843

DR. A. H. CHRISTIE:—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skillful and excellent men, but their prescriptions failed. About *fourteen* years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for, year after year, caused me indescribable anguish. In the severer paroxysms, the skill of my physicians sometimes afforded me great relief; but this relief was only temporary. Further: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopœia there seemed to be no remedial agent which would reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your invention, and (though with no very sanguine hope of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1845. To MY GREAT ASTONISHMENT, IN TWO DAYS AFTERWARDS THE GOUT, IN RIGHT FOOT, I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE SUFFERED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has *never returned*; the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured*. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS

DR. CHRISTIE'S GALVANIC NECKLACE

Is used for all complaints affecting the Throat or Head, such as Bronchitis Inflammation of the Throat, Nervous and Sick Headache, Weakness of the Head, Neuralgia in the Face, Buzzing or Roaring in the Ears, Deafness, which is generally Nervous, and that distressed complaint, called Tic Doloreux.

BRANT'S INDIAN PULMONARY BALSAM

cures very many of the most strongly marked and decided cases of PULMONARY CONSUMPTION—*real, undoubted cases of diseased and diminished* LUNGS—such HOPELESS cases as were never before cured by any other medicine. *So utterly hopeless were some of the afflicted persons, as to have been pronounced by physicians and friends to be* ACTUALLY DYING. Since, who and their friends still remain, have been cured, and yet live; others, who it was said would not live another day, are now as well and hearty as they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses *several medications which are peculiarly adapted to, and are essentially necessary for, the cure of*

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM HEALS AND CURES ULCERS *in the LUNGS*, and *cleans them internally*, as *certainly and really as the* PURIFYING EXTRACT *cures and heals ulcers externally*. This Balsam cures MORE cases of *Cough* and *Consumption* out of TEN, after all other remedies have *failed to do good*.

Thousands of Consumptions

and *Chronic Coughs* absolutely prove its *unfailing efficacy* in such diseases, and its undoubted curative power, and soothing, healing properties, in the following complaints and diseases, *viz: Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night-Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery and Summer Complaints in Children and Adults*, and ALL FEMALE WEAKNESSES.

CONSUMPTION.

A DYING WOMAN CURED!

We state this case, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the person is *considered by physicians and friends* to be in the *last stages of disease*—actually DYING—and, in this case, so FAR GONE, that the SHROUD and BURIAL-CLOTHES were *bought*. For the *particulars of disease*, and the *respectable and undoubted proof* of all the circumstances and facts, we refer to our PAMPHLETS.

This cure was effected on Mrs. ZIBA DYKEMAN, of *Bedliston Spa, Sullivan County, N. Y.* We can prove by good *testimony*, that there, *almost equally hopless*, and *innumerable cases of Coughs and Consumption CURED*, which were *pronounced incurable* by SKILFUL PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, *of Hillsdale, Hillsdale county, Michigan*, about the 1st of January, 1849, wrote as follows: "I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a *Cough, Difficulty of Breathing of the Lungs*, so that I had the CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of the profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and have no faith now in them generally. But I was induced as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted, or whom it may concern, that the effect of its use has been the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. *My cough was immediately relieved*, and in about eight or ten days I was free from cough, soreness of the chest, and pain, and now complete and permanent relief is well assured."

Dr. French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. E. LIPPINCOTT & SON, respectable merchants at *Bellefonte, Sullivan county, Pennsylvania*, wrote to us, May 15, 1848, stating, among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that for child, which had been subject to *FITS for several years*, was cured by the use of BRANT'S *BALSAM* and PURIFYING EXTRACT.

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at *Pierpont Centre, Ashtabula county, Ohio*, wrote to us, October 2, 1844, and stated in case of Consumption which the use of *Brant's INDIAN PULMONARY BALSAM* had effected in Mr. WILLIAM CROCKETT, of an adjoining town. He said Mr. Crockett had tried first the best physicians and numerous medicines, but found none, for the fatal fiend of that unrelenting monster, *Consumption*, had taken fast hold on his vitals, and was so distressing and debilitating his body, that he was a mere skeleton. He was *given up by his physicians and all friends*, as one who would soon be *laid in grave*. But even in this last extremity, strange and marvellous as it may seem, yet it is true, that in a few of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM he recovered health and strength, and restored Mr. Crockett to health, and he is now a *healthy, hearty, rugged man*.

S. B. DANN, Esq., *merchant and postmaster at Jefferson*, an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. CROCKETT, and *knew of his case, and all the above-named facts*.

Could not Live a Day longer!

Messrs. E. B. CALDWELL & CO., of *East Otsego, Otsego Co., N. Y.*, respectable druggists, wrote to us: "We have just heard, through Mr. Whiteman, a respectable citizen of this place, of an important cure of *Consumption*, which BRANT'S INDIAN PULMONARY BALSAM has produced in the person of an acquaintance of his, who resides in the town of Pulaski, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it impossible for her to *live more than* ONE DAY LONGER. But, when all other hope utterly failed, she commenced taking *BRANT'S PULMONARY BALSAM*, and its medical efficacy has raised her from a *living death*, so that she is now *going about and attending to her domestic household affairs as a healthy lady*. She testifies, and it is here evident, that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness; and her friends and neighbors consider that medicine invaluable."

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, *merchants, of West Cornwall, Conn*, said *BRANT'S BALSAM* had effected cures of such hopeless cases of Consumption in their town, that *gave no other cough medicine could be sold there; that it had raised some as if from the GRAVE*—some had physicians and all the friends said MUST DIE! One gentleman, in particular, was so far gone, that his physicians told him it was useless to take more medicine. He then, *when all hope was lost*, began to take BRANT'S BALSAM—and WELL—*and is now as well as ever he was!*

Many Consumptions Cured.

Mr. S. H. CLARK, *merchant, Clyde, Wayne county, N. Y.*, wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and said: "If the testimonials of some of our most respectable people, and personal visible knowledge, can be relied on, its medical virtues have cured many *consumptive persons*, several of whom I am acquainted with, who were so hopelessly sick as to be considered by physicians and all friends, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH."

LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, *merchant, Byron, Genesee county, N. Y.*, wrote, August 21, 1848: "BRANT'S MEDICINE is doing wonders here. It has cured a man of *Consumption* that all the physicians had said *must die*. When he commenced taking Brant's Medicine, he could not raise his hand to his head; he *bled at the lungs*, and every symptom seemed to indicate that he must die; but, to astonish us all, he is now able to labor, and rides all over this country. He used *only three bottles*. It has also cured a young lady of Consumption in Orleans county, which her father says no doctor could cure."

Mr. MILLER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y.*, January 15, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they *sell more rapidly, and give better satisfaction*, than all the other medicines we have for sale. The *Pulmonary Balsam* has raised a lady here from a bed of dangerous and severe sickness, which all the doctors had given up as incurable. They said she must die with a *Consumption of the Lungs*. After all had pronounced the case HOPELESS, she commenced taking *BRANT'S BALSAM*—and now *she is well!*"

CHRONIC DYSENTERY,

and SUMMER COMPLAINTS, in *children* or *grown persons*, cured without *any failure whatever*. Also—

CHOLERA INFANTUM

No mother need ever mourn the death of her child by that child-destroying complaint, when *nothing* is warranted *Cholera Infantum*, or what is called SUMMER COMPLAINT—if "BRANT'S PULMONARY BALSAM" be administered to the child. It should, however, in such cases, be used in *twice or thrice greater quantities* than the directions on each bottle prescribe, until the complaint is checked.

DOCTORS CALL IT WONDERFUL!

DOCT. IRA JOHNSON, *of Livingston, Greene Co., N. Y.*, wrote to us, January 1st, 1849: I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed some most *wonderful cures* of CONSUMPTION produced by its use, in Monticello, Sullivan Co., New York about a year since; and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother in-law quite sick with consumption, and I felt confident, from what I had *seen* of the efficacy of BRANT'S BALSAM, that if I could procure it for his use, it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit those persons have derived, and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicine; and as there is no agent in this town, they have persuaded me to write for an agency.

Yours, respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, *merchant, Collins Centre, Erie Co., N. Y.*, January 15, 1849, said: Your BRANT'S INDIAN PULMONARY BALSAM, and BRANT'S PURIFYING EXTRACT, are nearly all sold; and I want immediately another supply, for they *sell more rapidly*, and *give better satisfaction*, than all the other medicines we have for sale.

LIVER COMPLAINT,
JAUNDICE, DYSPEPSIA, CHRONIC OR NERVOUS DEBILITY, DISEASE OF THE KIDNEYS,

And all diseases arising from a disordered Liver or Stomach, such as Constipation, Inward Piles, Fullness, or Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fullness, or weight in the Stomach, Sour Eructations, Sinking or Fluttering at the pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and dull pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flashes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great depression of Spirits can be effectually cured by

DR. HOOFLAND'S
CELEBRATED GERMAN BITTERS,
Prepared by
DR. C. M. JACKSON,
AT THE GERMAN MEDICINE STORE,
120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are without a rival, and are pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said:—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock, Va., January 10, 1850, said:—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters*, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health."

READ FURTHER A FEW FACTS

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said:—

"*Patent Medicines.*"

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the efforts of the deserving."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in times of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Nash said, in his "Weekly Messenger," January 6, 1850,

"*Dr. Hoofland's German Bitters.*—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was empatic in the cause of humanity, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under there circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the family itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specially upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to *female* or *infant* with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attract to induce counterfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

Look well to the marks of the genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

WASHING, BLEACHING AND CLEANSING FLUID.

THE greatest labor-saving article yet discovered. By its use, washing machines and boards are dispensed with, and not one quarter the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, *immense saving* is thus made. It is emphatically the female's friend.
